

Councillor Khuri was co-opted to the Council in July 2024. He has been a resident of the Parish since 2001 and brings to the Council a range of skills from his 34 year career in the Fire Service. He served in Cleveland, Staffordshire then Humberside Fire Services, and retired in 2010 as Deputy Chief Fire Officer.

He was involved in a wide range of roles but specialised in emergency and contingency planning, and has led critical projects locally, nationally and in the Middle East. He was also involved in projects across the EU.

Locally, he volunteers for many events in the Parish and looks after neighbours who need support. He is passionate about the Parish where he has lived the longest. He has put himself forward to serve his community and to support the Council after its latest audit. He wants to play an active and a direct role in making the Parish and its Council the best around.
